CONNECTOME

Paperback. Book Condition: New. Not Signed; Connectome , by Sebastian Seung is One of the most eagerly awaited scientific books of the year .intellectually exhilarating, beautifully written, exquisitely precise yet still managing to be inspirational . (Irish Times). What really makes us who we are? In this groundbreaking book, pioneering neuroscientist Sebastian Seung shows that our identity does not lie in our genes, but in the connections between our brain cells - our own particular wiring, or 'connectomes'....

Reviews

It is an amazing book which i actually have actually read through. Better then never, though i am quite late in start reading this one. It is extremely difficult to leave it before concluding, once you begin to read the book.
