Hassignsmoresignificancetotheimportanceofgovernance, notably the ability of states to deal with nonstate actors, both good and bad. Tw ( ) H pays attention both to the opportunities for cooperation between governments and private organizations and to the growing reach of international criminal and terrorist networks. Tw ( ) Hincludes a more careful examination of the likely role of science and technology as a driver of global developments. In addition to the growing significance of information technology, biotechnology and other technologies carry much more weight in the present assessment. The effect of the United States as the preponderant power is introduced in T ( ) H. The US role as a global driver has emerged more clearly over the past four years, particularly as many countries debate the impact of US hegemony on their domestic and foreign policies. Tw ( ) H provides a more complete discussion of natural resources including food, water, energy, and the environment. It discusses, for example, the over three billion individuals who will be living in water-stressed regions...
