Brand New Book ***** Print on Demand *****.Narcissistic Personality Disorder is a severe psychological condition that ruins relationships because a narcissist is a self-absorbed individual who only sees things one way, which is their way. In the world of a narcissist there is no room for successful relationship attributes such as mutual consideration or give or take and as a result any relationship that a narcissist is involved in is a lopsided one that solely favors the narcissist. Being involved in a relationship with a narcissist can be a difficult one, mainly because a narcissist has an unrealistic and an inflated view of themselves and suffer from a decreased ability to identify with or recognize the needs or feelings of others, so in turn the partner of a narcissist suffers. Do you feel that you are in a relationship with someone that suffers from the narcissistic personality disorder? Are you a narcissist yourself and would like an understanding of this personality order so that you can salvage your relationship? In his book entitled **Narcissism Decoded** author Michael Wright explains in great detail how to identify and effectively deal with the Narcissistic Personality Disorder in your relationship. You will learn the following: The characteristics of the Narcissistic Personality Disorder as well as its subtypes How to tell if you are living with a narcissist Common causes of Narcissistic Personality Disorder The problems and difficulties which can arise when in a relationship with a narcissist Important warning signs that it may be time for you to get out of a toxic relationship with a narcissist Tips for living with a narcissist Treatments for Narcissistic Personality Disorder.
