

The Great Conversation: Descartes Through Derrida and Quine v. 2 (Paperback)

Filesize: 5.26 MB

Reviews

*This book is great. I have go through and so i am confident that i will going to read through once again again in the future. I am just easily can get a satisfaction of looking at a written book.
(Miss Vernie Schimmel)*

THE GREAT CONVERSATION: DESCARTES THROUGH DERRIDA AND QUINE V. 2 (PAPERBACK)

Oxford University Press Inc, United States, 2006. Paperback. Book Condition: New. 5th Revised edition. 234 x 190 mm. Language: English . Brand New Book ***** Print on Demand *****.Ideal for courses in introductory or modern and contemporary philosophy, *The Great Conversation: A Historical Introduction to Philosophy, Volume II: Descartes through Derrida and Quine* covers the same material as the second half (chapters 12-26) of author Norman Melchert's longer volume, *The Great Conversation*. Now in its fifth edition, this historically organized introductory text treats philosophy as a dramatic and continuous story--a conversation about humankind's deepest and most persistent concerns. Tracing the exchange of ideas between history's key philosophers, the book demonstrates that while constructing an argument or making a claim, one philosopher almost always has others in mind. It addresses the fundamental questions of human life: Who are we? What can we know? How should we live? and What sort of reality do we inhabit? The fifth edition retains the distinctive feature of previous editions: Melchert provides a generous selection of excerpts from major philosophical works and makes them more easily understandable to students with his own lucid and engaging explanations. Ranging from Descartes to Derrida and Quine, the selections are organized historically and include a translation of Descartes' *Meditations on First Philosophy* (the complete work). The author's commentary offers a rich intellectual and cultural context for the philosophical ideas conveyed in the excerpts. Extensive cross-referencing shows students how philosophers respond appreciatively or critically to the thoughts of other philosophers. The text is enhanced by two types of exercises-- Basic Questions and For Further Thought --and more than thirty illustrations. New to the Fifth Edition * A new chapter (25) on Simone de Beauvoir and her contributions to philosophy * New profiles of the Buddha and Jean-Jacques...
