But. . a parody revealing difficult times in the 1950s. BRIEF DESCRIPTION A Girl Doesn t Need To Go To College But. But. But. takes readers back to the 1950s when covert discrimination, economic class lines, lack of accountability in schools, and the expectation for women to play second fiddle to men was the norm. But. is for children 10 and older, plus anyone interested in the 1950s. GLOSSARY FOR YOUNG READERS Simple definitions are provided in the Glossary for selected words and...
