Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from The Boy Scouts Book of Stories Something over a year ago the Electric Railway Journal began the publication of its monthly Mechanical and Engineering Numbers. The purpose of these has been to furnish articles of a character particularly helpful to the men who are responsible for the upkeep of the physical equipment of an electric railway property. Overhead line construction, tracks, buildings, power plants, substations, shops and rolling stock and its equipment have all been kept in mind. Arrangements were made with several specialists in different parts of the electric railway field for series of articles covering the fundamentals of track, power transmission, car equipment, car bodies and power plant operation; these were in addition to numerous articles on details of practice in the several lines mentioned. While all of the series are not yet complete, they have proved to date so valuable and comprehensive that the publishers of the paper have decided to reprint a number of the articles in the several series, particularly for the benefit of those who have not had the..
