By Lou Aronica

The Story Plant, United States, 2013. Paperback. Book Condition: New. Reprint. 216 x 140 mm. Language: English . Brand New Book. Reviewers have called Lou Aronica s novel BLUE compelling, beautifully written, a story to remember and cherish, and one of those books that everyone should find a moment to read. Readers have said it was a great inspiration, I ve never been more moved or inspired, and one of the best books I ve read. Now comes this prequel novella, a short work that provides the essential story behind the story. UNTIL AGAIN tells of a decidedly real-world event: the final weekend in the breakup of a marriage. For Chris Astor, the divorce is not something he wants, primarily because of the distance it will put between his ten-year-old daughter Becky and himself. Juxtaposed against this is a critical event in Tamarisk, the bedtime-story fantasy world that Chris and Becky created when Becky was much younger. Mica, the university-age princess of Tamarisk fears that her world has become a terribly dangerous place. but she could not possibly have imagined where that danger will lead her and the people she loves.
