YOGA PH.D.: INTEGRATING THE LIFE OF THE MIND AND THE WISDOM OF THE BODY (PAPERBACK)

Kleio Books, United States, 2012. Paperback. Book Condition: New. 226 x 150 mm. Language: English . Brand New Book ***** Print on Demand *****.Simultaneously celebrated as a 5,000-year old spiritual practice and booming \$10 billion industry, yoga today is a strange mix of fitness, therapy, mysticism, and commercialism. In Yoga Ph.D., political science professor-turned-yoga teacher Carol Horton presents a fresh take on how to understand - and work fruitfully with - this strangely paradoxical and surprisingly popular practice, which is being actively pursued by over 20 million Americans today. Contemporary yoga, Horton explains, is a direct outgrowth of the tradition of modern yoga first developed in early 20th century India. Designed to work in modern societies that tend to alienate us from our own bodies, this novel form of yoga developed new ways of working with and through the body to spark psychological and spiritual growth. While this dedication to using the body to liberate mind, heart, and spirit remains central to yoga today, the growing commodification of the body in American society threatens its efficacy as a modern mind-body-spirit practice. Reversing this troubling trend, Yoga Ph.D. concludes, requires integrating more critical thinking into what is quickly becoming an excessively commercialized practice.
